### **Background**

FMCSA is developing a new online registration system, to improve the transparency and efficiency of FMCSA's registration procedures as well as implement statutory requirements related to the registration program. FMCSA seeks user perspectives on improving the registration experience when engaging with FMCSA's registration system. During this meeting, FMCSA will invite attendees to participate in breakout sessions that will align with different groups of users the Agency expects will use the new online registration system. FMCSA moderators will facilitate discussions on what potential users would like to see, as well as what would not be helpful from a user experience perspective. The day will end with a general listening session, where FMCSA representatives will receive comments and concerns about a new online registration system.
